KeyMacro is a powerful free and powerful Macro recorder. The macro recorder can record keyboard shortcuts or mouse actions and you can replay them later. You can download the installed KeyMacro files to be played on your own computer without installing the KeyMacro application. KeyMacro also supports a variety of languages, including English, Spanish, French, German, Italian, Portuguese, and more. You can easily convert your recording to other languages with a few clicks. KeyMacro is an ideal solution for you if you want to make your own new text. You can easily record the keyboard shortcuts to make new words or abbreviations. The text recorder can save your text to the clipboard so you can paste it anywhere without worrying about new texts. The text can be edited or exported to other formats like PDF, HTML, or WORD. KeyMacro can support Windows XP, Vista, and Windows 7 as well as Windows 2000, 2003, 2008, 2008 R2, and Windows 10. Features: Keyboard Shortcuts Record keyboard shortcuts to your program. Unlimited recording length Records multiple items at once. Clipboard recording Record new text to the clipboard so that you can paste anywhere. Record shortcuts on the system task bar and start menu. Record the shortcuts on websites you visit. Supported languages: English, Spanish, French, German, Italian, Portuguese, Swedish, Norwegian, Japanese, Russian, Polish, Greek, Chinese, Ukrainian, Czech, Hungarian, Hebrew, Romanian, Croatian, Turkish, Ukrainian, Vietnamese, Arabic, Norwegian, Swedish, Danish, Norwegian, Spanish, Czech, Hungarian, French, German, Russian, Greek, Italian, Polish, Croatian, Turkish, Dutch, Japanese, Korean, Vietnamese, Brazilian Portuguese, Ukrainian, Polish, Serbian, Bulgarian, Croatian, Czech, Slovenian, Turkish, Thai, Indonesian, Spanish, Portuguese, Romanian, Slovenian, Italian, Polish, Greek, Dutch, Hungarian, Croatian, Arabic, Chinese, Swedish, Norwegian, Ukrainian, Russian, and Arabic. Reminders: Delete all old data after you use it. Add timers to delete data. Export all data to CSV, TEXT, PPT, and PDF formats. Save data into the clipboard. Install KeyMacro Windows: Double click the KeyMacro icon in the start menu and enter your program name. Mac: Open KeyMacro.app and paste your program name in the first row of the program
